THE LAND WE LIVE IN.

WHAT THE PEOPLE ARE DOING, SAYING AND THINKING.

A Sad Suicide at Newnan—Affairs About Rome—The Barnwell Municipal Election—A Silver Wedding at Fayetteville—News From All Portions of the State—Press Opinions.

By Mail and Wire to the Constitution.

NEWNAN, December 19.—Sad indeed was every heart and every home in our town this morning. The shock was beyond precedent. But yesterday the manly and courteous face of Judge J. A. Welch shone in its usual good humor on our streets. This morning he was found a corpse. He committed suicide by hanging himself. So much beloved was this venerable man and so much respected in his family that the sad intelligence threw a gloom over every heart and brought a tear to every eye. Judge J. A. Welch has been a citizen of our county for more than forty years, and for many years the editor of the Newnan Herald, a position he recently abandoned, and it may be truly said of this good man that those who knew him loved him most. As a citizen he was ever active, as a friend many claimed him, and as a Christian his church loved him. The sympathies of our whole people are with the sad and bereaved family.

SENOIA, December 19.—The doors of Treason & Co. merchants at this place, were closed by the sheriff a few days ago. The trouble was caused by the foreclosure of a mortgage in favor of Moore, Marsh & Co. The liabilities of the firm are not supposed to be large. —Matthew Couch, one of the oldest and most highly esteemed citizens of Senoia, was buried in Senoia yesterday. His funeral and burial were largely attended. Mr. Couch was 80 years old at the time of his death. He was a native of Lawrenceville, South Carolina, and had been a citizen of Senoia for more than half a century. He lived an honest life and died a Christian. —John H. Thurmond, a brother of Colonel S. P. Thurmond of Athens, died at his residence, near the Bethel church, in Senoia county, last Saturday. He was buried at Bethel cemetery last Sunday with Masonic honors. Mr. Thurmond was about 32 years old at the time of his death. He had been honored and trusted by the people of his county and had proven himself worthy. —A trio of promising young lawyers from Newnan are here to-day, to-wit: Hon. P. H. Breter, W. J. Atkinson and J. W. Freeman. —The accomplished Miss Rosa Stalder, a teacher in the M. & A. college, arrived here last Saturday. She will spend Christmas holidays at her father's. She is a most worthy representative of the "new south."

Two years ago she graduated at Ward's seminary, Nashville, and at once sought and obtained a position as a teacher in the college at Millersville, which she has since held with much credit to herself and marked advantage to her pupils. It would be infinitely better for many more of our educated young ladies would disdained false pride and do what they can rather than sit down and wait for "somebody" to turn up and play the part of butterfly in society. —One day last week, Mr. Jesse Nolan killed a wild cat, near the corporate limits of Senoia, which was three feet long and twenty-one inches high.

EPICURIA, December 17.—The fair held by the ladies of the Catholic church last week was a highly successful financial enterprise, about \$1,500 being realized. The Baptist ladies' bazaar is now progressing with fine success. It will close to-night. —There are many lady visitors to our town at this time, among them, Miss Garrett, of Atlanta, and Miss Carroll, of Marietta. Miss Dixie, of Union Springs, Miss Read, of Chattanooga. Judge Clayton's daughter, so long ill in Montgomery, is better, and it is thought will not long leave her hour circuit court was postponed on account of the judge's absence. It will be held at Epitonia on the 20th of February. —We now have two new agencies here, the "Real Estate, Loan and Banking company of Alabama," handling money procured through the Corinth banking company, of New York, has an office here, and Francis Smith, representing Scotch and Irish and English capital, has an agency here. The terms of the latter considered decidedly more favorable to the borrower. —Mrs. Nancy Mabrey, one hundred years old last September, died in Clayton a few days ago. She was the mother of Hon. J. W. and General Seth Mabrey.

BARNESVILLE, December 19.—James T. Rose, of this place, was shot through the head by James F. White at the Rock, eight miles below Barnesville, on Saturday morning last. Rose was on his horse when White walked up and some words ensued. White was heard to say, "I will shoot you," and Rose replied, "Pop away." White then shot him in the head, mounted his horse and fled. The ball entered just over the left eye and came out behind. Rose was a very large man and fell from his horse on his head, crushing his skull. He died Saturday night, at 7 o'clock, was buried yesterday evening at Salem church, in Upson county. Every body has heard of Jim Rose, the big cotton planter. He sells every year from 200 to 400 bales of cotton. He has 174 colored people; he was one of the firm of Redding & Rose of this place; had also just finished a mill here in connection with Sanford and had it nearly in running order. He was an energetic, thorough going man, and his death is a blow to the community. He leaves a widow and seven or eight children. Efforts are being made to catch White. From reports, it was a cold-blooded murder.

ROME, December 16.—W. B. Higginbotham, a colored man having the esteem of all our citizens, died Wednesday evening. Higginbotham was, probably, one of the wealthiest men of his race in Georgia, being worth about \$20,000. His funeral takes place to-day. —A committee from the Rome Light guards, the Cherokee artillery and the citizens of Rome, have passed resolutions of thanks to the masters of the cotton exposition, the exhibitors, to Major J. F. Cummings and Mr. Phil Brown, for courtesies extended the Rome military on their recent visit to Atlanta. —The people of Floyd county voted yesterday on the question of "fence" or "no fence." "Fence" prevailed by a great majority. —Oke W. Stewart and Miss Bettie P. Hutchings were married at the residence of the bride's mother last night. Mr. Stewart has long been a competitor in the "Courier" office, and his friends of the type as well as our citizens generally, wish the happy young couple unbounded felicity.

DALESBURG, December 16.—Deputy Marshal Robinson brought in Calvin Brooks from Dawson county the other day, in whose possession was found a gallon of illicit whisky. Brooks gave bond. —Captain B. W. Davis and his wife have a very fine horse drowned at Leathers' ford, on the Chastate, yesterday. Some parties gave Captain Davis aid in getting his horse out of the water. He shared the same fate as his horse, as the much needed a good bridge is much needed at this point. —The city of Dale has been removed to the store-house on the north corner of the public square, formerly occupied by Gurley & Crawford. This is a very desirable place for a drug establishment, and we wish the owner, J. F. Beck, success in his business.

FAVETTEVILLE, December 13.—Mr. and Mrs. L. F. Blalock of this place celebrated the twenty-fifth anniversary of their marriage last Saturday night. The presents were numerous and handsome and the table was loaded with everything nice to eat. The most present was that of Mr. Blalock, being an elegant silver diamond ring, to Mrs. Blalock. The entire family were present, and a large concourse of relatives and friends witnessed the enjoyable scenes. Altogether this was one of the most brilliant evenings ever witnessed in our quiet town.

BARNESVILLE, December 17.—Our municipal election came off last Tuesday. T. E. Murphy was elected mayor without opposition, and the following board of aldermen were elected: A. Blalock, J. E. Redding, E. W. Rose, P. A. Murphy, J. L. Fogg and Edward Elder.

Wayside Gatherings.

Pine apples are grown at Welatka, Florida. The railroad interest is booming in Mississippi. Maitland, Florida, boasts of 17½ orange groves. A Palatka, Florida, alderman meets 282 passengers.

The Mississippi legislature meets at Jackson January 3.

Spelling matches are becoming popular in Kentucky. One hundred people from the north are at Orange City, Florida.

A one-legged man has been running a foot race in Pensacola, Fla.

A Danville, Kentucky, firm has shipped 10,000 turkeys to Boston this season.

Fanny Witherspoon, a favorite mare in Mercer county, Kentucky, has been sold for \$8,000.

The city council of Knoxville, Tenn., has forbidden the sale of snuff in that city.

A prayer meeting society is working in Nashville. It goes from house to house like a surprise party.

An Enthusiastic Indorsement.

Gentle—Whoever you are, I don't know; but I thank the Lord and feel grateful to you to know that in this world of adulterated medicines there is one compound that proves and does all it advertises to do, and more. Four years ago I had a slight shock of palsy, which unnerved me to such an extent that the least excitement would make me shake like the ague. Last May I was induced to try Hop Bitters. I used one bottle, but did not see any change; another did so change my nerves that they are now as steady as they ever were. It used to take both hands to write, but now my good right hand writes this. Now, if you continue to do, you will accumulate an honest fortune, and confer the greatest blessing on your fellow men that was ever conferred on mankind.

The story that Blaine is going to start a penny paper in New York and put Joseph Howard, Jr., in charge of it does not command universal credence.

Yesterday in the City—What was Done and Said by Home-Boys and Strangers—The 9-ship of the Town as Taken on the Fly—In and About the Courts and Departments.

Run Over.—Mollie Harris, an eight-year-old colored girl, was run over by a car on the dry drivers on Collins street yesterday, and received injuries which will cause her to occupy her bed some time.

COMING TO THE EXPOSITION.—Senator Brown has telegraphed for his private car, and says that at the adjournment of the senate he will accompany him to the exposition. That body will accompany him to the city. Inquiry at headquarters ascertained that the car will leave this week.

Free fare for all on the 3 o'clock Peachtree street car. Frier son & Leak, real estate agents, 33 Marietta street.

STEALING A WATCH.—Just as the West Point passenger train entered the carshed yesterday a large crowd pushed up to the coaches. Among the number was Mr. Harry Franklin, of Washington, D. C., who was relieved of a fine gold watch and chain.

Fine central lot at action to-day. Attend the Larendon sale on Peachtree street, near Governor's mansion at 3 o'clock to-day. Read description in ten cent column of this paper. Frier son & Leak.

LEFT BY A PICKPOCKET.—An old pocketbook containing a Spanish dollar 1776, a newspaper clipping, and a postage stamp, was found under the desk at the Markham yesterday where it had been thrown by a pickpocket.

Burglary.—While the family were at church Sunday night, the residence of W. D. Dunlap, on Main street, was entered by a burglar, who carried away one new suit of broadcloth clothing, some undervestments, etc. Mr. Dunlap's total loss is estimated at about \$125.

RELEASED.—Robert Jones, who has been in the calaboose since Saturday night, was yesterday released by order of Chief Connelly. Jones was arrested because he was the driver of a car which was wanted in Cartersville for burglary, and was released because the Cartersville officials declined to call for him.

GOLD HEARD.—Among the property which was taken from arrested parties at the station house yesterday was a gold belt belonging to a man. From the engraving on the same Chief Connelly ascertained that it was the property of R. C. Robinson, of the Green line office, and that it had been stolen from that gentleman some days ago.

SUSPICION.—Charles Roberts was yesterday calloosed by Officer Thompson. Roberts is thought to be the man who burglarized the store on Wheat street and then mixed the coal oil and kerosene. The indications are favorable to a conviction of the accused when the case is called.

THREE FINGERS OFF.—Early yesterday morning Wheeler Matignon, an employee of the Western and Atlantic railroad, had his right hand so badly mangled while coupling cars near the Fourth street crossing that it was found necessary to amputate three fingers. The operation was successfully performed by Dr. Westmoreland.

WEEK OF PRAYER.—The Rev. H. C. Hornaday, of the Third Presbyterian church, the Rev. A. J. Thomas, of the Christian church, and the Rev. S. K. Smith, of the Third Presbyterian church, who compose a committee appointed by the ministers' brotherhood to arrange a program for the week of prayer, met yesterday and arranged a series of exercises which will soon be published.

48,000 acres Georgia lands at auction to-day at 10 o'clock. at 33 Marietta street, embracing the mineral, timbered and farming lands in north and south Georgia. Don't forget to attend. Frier son & Leak, Real Estate Agents, 33 Marietta street.

MR. TOMMY'S FUNERAL.—The funeral of the late V. F. Tomney took place Sunday morning in the Methodist church at Decatur, and was largely attended. The other churches suspended services and the building was crowded to its utmost capacity. In the congregation were many friends of the deceased from Americus, Atlanta, Columbus and Covington.

STAYED—Saturday. December 10, a medium-sized pointer dog with large liver-colored spots on his right side and head. He had a collar around his neck and a slit in the lower part of one of his ears. Two inches of his tail was cut off, and he answered to the name of Bob. A \$10 reward will be paid for his return to 169 Jones street.

NOT LOST.—Yesterday morning at the exposition quite an excitement was created by the announcement that a lady had been robbed of a pocket-book containing five hundred dollars in money. The panic spread to the police and a thorough search was begun for the missing money and the thief, but while this was going on the lady disappeared her purse hidden in one of the many folds with which her dress was supplied.

A LIVELY RUN.—About 10 o'clock yesterday morning a team of mules, hatched to a heavy farm wagon, took flight on Marietta street and made a lively run towards the cotton factory. When near Spring street the wagon struck a buggy, which it completely demolished. A lady who was in the buggy was thrown to the ground with such force that she was unable to rise. She was removed to an adjacent house, where a physician was summoned and by whom it was ascertained that her left arm was fractured.

A PLEASANT SURPRISE.—From a bright little Miss Sallie Harvey, of the Atlanta Female Seminary, we learned the particulars of the presentation on Saturday by the members of the second grade, to their teacher, Miss Mattie Andrews, a handsome silver jewelry case lined with gold, and engraved, "Miss Mattie, 1881." Two of the smallest girls, Misses Law McBride and Clara Bonnell, of the class officiated in the presentation. Miss Andrews fully appreciated the little token of the affection and esteem of those over whose education she presides.

LOST CHILD.—About noon yesterday the people along Marietta and Whitehall streets were thrown into quite an excitement by the frantic rushing to and fro of a couple of policemen and several gentlemen. An inquiry ascertained that they were searching for a girl, the three-year-old daughter of Mr. Goldsmith, who resides at 32 Luckie street. The little lady by some means became separated from her mother while on Marietta street and wandered off. After an hour's search she was found and returned to her anxious mother.

SENT TO JAIL.—A negro man who gives his name as Wm. Moore, and who hails from Missouri, was yesterday committed to jail to await a trial for burglary. Moore reached Atlanta Saturday last, and early yesterday morning began searching for an opportunity to ply his avocation. Near the rolling mill he encountered a lady who runs a candy store and with whom he contracted to chop a load of wood. While wielding the ax Moore watched his temporary employer and when she was engaged in the front part of the store he crawled behind the counter and succeeded in pilfering the money drawn off its contents. The theft was soon discovered and the Missourian jailed.

THE BELT RAILWAY.—From Major Green, engineer in charge, a CONSTITUTION representative yesterday ascertained that one survey for the Belt railway has been completed, and that two more will be made before the route is selected. The one made leaves the Western and Atlantic railroad just beyond the city limits and passes around by the way of the Macon and Western to the Georgia road, a distance of nine and one-half miles. Leaving the Georgia road it crosses the Air-Line and then returns to the point of beginning, a distance of about five miles. This entire line is outside of the corporation, and is a good route. Another survey will be begun to-morrow.

Big Land Sale To-Day.—No state in the union possesses, or can offer greater inducements to capitalists and settlers than Georgia, and there never will be a better time to invest in Georgia lands than the present. The great tide of immigration just now turning to the state is a guarantee that the value and demand for Georgia lands will rapidly increase. The truth is that Georgia is destined to be a great, populous and wealthy state in the near future, and wise men should secure lands before the great rush and advance in prices. Forty-eight thousand acres of valuable mineral, farming, grazing and timbered lands

in north and south Georgia will be sold to-day at auction at our office, commencing at 10 o'clock. Frier son & Leak, Real Estate Agents, 33 Marietta street, near post-office.

NOT DEAD.—For the past month, it has been generally believed that Mr. Frank H. George, an old Atlanta boy, who left this section some months ago, was dead. This belief was occasioned by the publication of his death which was reported to have occurred in the west, where he now lives. Mr. George was well known in Atlanta, where, as shipping clerk for A. C. & B. F. Wily, he won, by his uniform politeness and kindness, many friends who greatly regretted his death. Yesterday Mr. Tom Faine, an old friend of Mr. George, received a letter from him, stating that he was not only not dead, but alive and doing well in Lincoln, Nebraska.

BEERMANN-ETTES.—In August, at the bride's mother's residence, on Sunday morning, Mr. Henry Beermann, of Atlanta, and Miss Lera Evers, Augusta, were married. Mr. Beermann, a son of Alderman Beermann, is well known in Atlanta where he has by strict attention to business by uniform politeness and kindness won many friends who wish him unbounded happiness. His bride is a young lady of rare intellectual attainments and of great personal beauty, and is destined to become in Atlanta just what she was in August—a great society favorite. Mr. and Mrs. Beermann reached Atlanta yesterday morning and are stopping on Whitehall with Alderman Beermann.

PHILLIPS & CREW'S CONCERT.—The concert yesterday afternoon in the display parlor of Phillips & Crew, at the exposition grounds, was an event of much enjoyment. These gentlemen have shown much enterprise in the fine display of those incomparable pianos, William Knabe & Co., and the performance of Madame Schultze and several of the pupils of the Southern Conservatory, assisted by Professor Schultze, all had the effect to excite the qualities of the piano and performer to the very highest advantage. The eager and yet very quiet listeners all bore evidence of the great appreciation of the superb music. Especially must we refer to the piano piece performed by Madame Schultze, Chopin's Polonaise. In E flat. It was the gem of the concert. Next Thursday afternoon the lovers of music will have the opportunity of hearing the second of these series of vocal and instrumental concerts at the same place.

48,000-acre land sale to-day at 10 o'clock. Marietta street, commencing at 10 o'clock sharp. Frier son & Leak.

A NEW OFFICIAL.—Yesterday a CONSTITUTION representative ran against a rumor of the appointment of Captain Beary, of Chattanooga, to the position of master of transportation at the Western and Atlantic railroad. Going to the office of General McRae for confirmation of the rumor, the reporter learned that that gentleman was at home sick. He applied to Mr. W. W. Wynn, who said he did not know anything about the rumor, but here is an announcement of the same in the Chattanooga Times of yesterday. The report reads: "Captain Beary, whose recent resignation of the southern division superintendency of the Cincinnati Southern railway, we have already noted, was preparing to start in a few days for a trip to California. At the earnest request of General McRae, general manager of the Western and Atlantic railroad, he went to Atlanta to make a flying visit before he left. Arriving there he was offered the position of master of transportation on the Western and Atlantic railroad. This was a total surprise to Captain Beary, who had merely gone to Atlanta for a social visit. On reflection, however, he decided to accept, and enters on his duties to-morrow morning. This position is a very important one, involving the control of the running of trains on the whole Western and Atlantic railroad. It is more lucrative than the position he lately resigned on the Cincinnati Southern railway, and coming by appointment of so renowned and capable a railroad manager as General McRae, it fully indorses the favorable opinion the Times has already expressed of Captain Beary's valuable qualities as a railroad man. We congratulate the Western and Atlantic road in so valuable an acquisition, and our only regret is that as his headquarters will be in Atlanta, we shall lose him as a citizen of Chattanooga."

THE EXPERIENCE OF AN EDITOR'S WIFE.—I consider it proper to put in a good word for St. Jacobs Oil, which I do from my own experience. My wife had rheumatism for years, and suffered very greatly; she used many many remedies without relief. A few months ago I bought a bottle of St. Jacobs Oil and the success which attended its use leads me to recommend it to all similarly afflicted. The first application acted like magic, and the occasional use of St. Jacobs Oil has prevented the return of this great trouble with its almost intolerable pain. I consider St. Jacobs Oil a great benefactor, and advise all who suffer with rheumatism or other painful diseases to try this remedy, and they will see for themselves that I have not said too much in its praise.

Why Wear Plasters?
They may relieve, but they can't cure that lame back, for the kidneys are the trouble and you want a remedy to act directly on their secretions, to purify and restore their healthy condition. Kidney-Wort has that specific action—and at the same time regulates the bowels perfectly. Don't wait to get sick, but get a package to-day and cure yourself. Liquid and dry sold by all druggists.—Germantown Telegraph.

How Wonderful is Man!
Man as a physical, intellectual and moral being, becomes most completely developed in all his parts and faculties by using daily at least, one dose of Brown's Iron Bitters. Many thousands are ready to testify that it is the best medicinal tonic in the world. It strengthens every part of the body, and excels everything else in its soothing and refreshing effects on the whole general animal system.

Rheumatism Neuralgia

Sprains, Pain in the Back and Side.
There is nothing more painful than these diseases; but the pain can be removed and the disease cured by use of PERRY DAVIS' PAIN KILLER. This remedy is not a cheap Benzoin or Petroleum product that must be kept away from fire or heat to avoid danger of explosion, nor is it an untried experiment that may do more harm than good.

PAIN KILLER has been in constant use for forty years, and the universal testimony from all parts of the world is, IT NEVER FAILS. It not only effects a permanent cure, but it relieves pain almost instantaneously. Being a purely vegetable remedy, it is safe in the hands of the most inexperienced.

The record of cures by the use of PAIN KILLER would fill volumes. The following extracts from letters received show what those who have tried it think:
Edgar Cady, Owatonna, Minn., says:
About seven years since my wife became subject to severe suffering from rheumatism. Our resort was to the PAIN KILLER, which speedily relieved her.

Charles Powell writes from the Ballors' Home, London:
I had been afflicted three years with neuralgia and violent spasms of the stomach. The doctors at Westminster Hospital gave up my case in despair. I tried your PAIN KILLER, and it gave me immediate relief. I have remained my strength, and am now able to follow my usual occupation.
All druggists keep PAIN KILLER. Its price is so low that it is within the reach of all, and it will save many times its cost in doctors' bills. 25c, 50c, and \$1.00 a bottle.

DR. HARTER'S IRON TONIC.

D. HARTER'S
IRON TONIC.
Endorsed and recommended by the medical profession, for Dyspepsia, General Debility, Female Diseases, Want of Vitality, Nervous Prostration, and Convalescence from Fevers, &c.
GENTLEMEN: I was suffering from general debility to such an extent that my labor was completely paralyzed. A vacation of a month did not give me much relief, but on the contrary, was followed by increased prostration and sinking spirits. At this time I began the use of your Iron Tonic, from which I received almost immediate and wonderful results. The old energy returned and I found that my natural force was not permanently abated. I have used three bottles of the Tonic. Since using it I have done twice the labor that I ever did in the same time and with double the ease. With the tonic I have not only regained my vigor and health, but have also a clearness of thought never before enjoyed. If the Tonic has not done the work, I know not what I live for. I give it the credit.
J. F. WATSON, Pastor Christian Church, Troy, O.
The Iron Tonic is a preparation of Ferrous Sulphate of Iron, Potassium Bichromate, and Phosphates, associated with the Vegetable Aromatic. It is a necessary Tonic in every case.
